## APPRECIATION LETTER

To whomsoever it may concern

We have purchased **275 nos. of DYNATEK** make Ethernet based Digital Clocks & installed at various locations all over our Powai Campus using existing LAN network.

In this regard we wish to state that, currently all the clocks are performing very well without any problem & showing uniform time. Product appearance is excellent because of artistic shape & good finish. Since these clocks are IP based, the installation is very easy & cost effective.

We appreciate the efforts taken by **M/s. DYNATEK** to provide such a good product with advanced features & software.

We are fully satisfied with the performance & quality of **DYNATEK Ethernet based Digital Clocks** & their services also.

For  
Larsen & Toubro
